

Nock

Token:	A goldennock pendant.
Preparation:	Decide whether an Award of Arms is being incorporated.

Herald: At the Battle of Agincourt, the French army was by far the greater, but it was the skill and speed of the English archers which won the day. This is only one of countless battles known to history when archery ensured a victory, yet we know few names of the archers who performed these high deeds.

That the names of the archers of Lochac should not be forgotten, those of great skill in missile combat are recognised with the Order of the Nock.

Crown: *(Personal words as they see fit, and bestowal of token.)*

Herald: Be it known that their Majesties, [Title] [Name] and [Title] [Name], have this [day] of [month], Anno Societatis [year], made [Name] the newest member of the Order of the Nock.

(If an Award of Arms is being given with this award:)

We also grant you an Award of Arms, and with it the rights and titles of a noble of the realm. We charge you with the responsibilities of this rank, and we further grant you the right to bear as personal arms such device as you may have properly registered with our heralds, in the Kingdom of Lochac and throughout the Known World.

For [Name], newest member of the Order of the Nock, three cheers! *(Hip hip, etc.)*
