Unto College of Heralds of the Crown Principality of Lochac  
From Thorfinn Hrolfsson, Crux Australis Herald

Greetings

The College of Heralds for the Crown Principality of Lochac met at the weekly Arts and Sciences meeting of the Shire of Stormhold, present were Thorfinn Hrolfsson, Crux Australis Herald; Reynardine of Tara and Elenor of the Grieving Hart; Pursuivants Extraordinary at Large; Bryn of the Quavers, Burden the Quester and many others.

The next meeting will be at the Viceroy tournament in Innilgard. Also there will be a consulting table for heraldic submissions if any one can help on this table then I would appreciate it.

The Armorial of the Society for Creative Anachronism is still available from Free Trumpet Press, this edition includes upto December AS XVIII letter of Acceptances, the cost is \$US15 plus postage (about \$A30 - 35). A new edition is being prepared for publication at the Twenty Year Celebration. If anyone is interested in the current edition I will organize a purchase of some copies.

Enclosed is a copy of the mailing list of these newsletters if there are any corrections or additions would you let me know immediately. Local cornets that are not acting branch heralds are not placed on this list.

All rostered heralds, that is everyone who appears on the mailing list as a herald are required to have submitted a name and device within six months of being placed on the roster. The following are very close to or over that time limit, Kyrii Windstrider, Gereint the Scholar, Diarmud ui Lorcaín and John Bowman, please do it soon.

FEES

The fees for submission are as follows (\$A1=\$US.685)

|                      |          |          |
|----------------------|----------|----------|
| Name and device      | \$US8    | \$A11.70 |
| Device or badge only | \$US7    | \$A10.20 |
| Name only            | \$US4.50 | \$A6.55  |

Local heralds may keep upto 75¢ for their expenses.

## SUBMISSIONS

Lindoret of Bryn Myrddin; a new name and device  
Quarterly Azure and Gules, a unicorn's head couped to sinister and  
a chief dovetailed Argent. This appears to have no conflicts and  
will be submitted to Vesper.

Ulfstan Garwiga; a new name and device  
Sable, a winged wolf rampant to sinister Or, within a bordure  
counter company Or and Vert. This is in conflict with Cinhil  
MacAran: Per fess rayonny Azure and Gules a winged lion rampant  
to sinister, within a bordure Or, there is a major difference for  
the change in tincture of the field, a minor difference for the  
change from wolf to lion and a negligible (minor demoted to  
negligible as it is the second point for colour) for the change  
in half the tincture of the bordure, however the shape of the  
device is very similar, his second choice of a bordure  
countercompany Argent and Gules, which changes the tincture of  
all of the bordure, would be clear and will be submitted to  
Vesper.

These submission were considered by Vesper at his last  
meeting. There has been no word from Laurel from his August  
meetings (Pennsic).

Hrolf Herjolffsson

Name passed, device resubmission to Laurel.

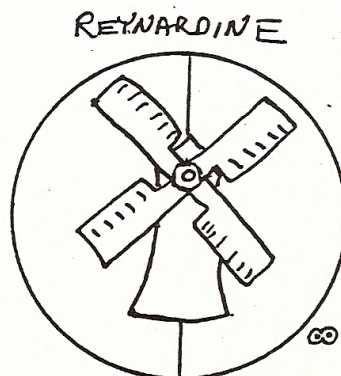

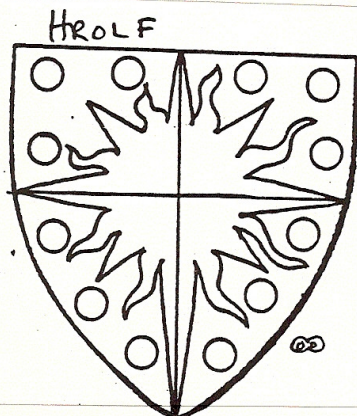

Quarterly sable and Or, a sun, cardinal points throughout, within an orle of  
roundels counterchanged.

His previous submission, "Per pale sable and Or, two suns in splendor and a  
double-headed eagle displayed counterchanged", was returned by Laurel in August XVIII  
for conflict. This is a complete redesign. (Although this is somewhat modern in  
appearance, it is a striking and simple design.)

Reynardine of Tara

Name appeal pending, new badge.

Per pale vert and purple, a windmill, sails set saltirewise, Or.

I remain my Lords and my Ladies yours in service to Lochac
